

Dear Licensees,

Please disregard the previous email regarding ABPT nominations, as it was sent prematurely.

In order to accommodate the Board's requirement per Section 34-24-192(a) of the Alabama PT Practice Act, the Board may need to request nominations from the state at large. Therefore, the Board will put out a call for nominations in a couple of months. At that time, we will be looking for

- Currently licensed physical therapists residing in congressional districts 2,3,6, and 7
- Currently licensed physical therapist assistants who reside in the southern half of the state
- Statewide nominations for the consumer member at large.

Please do not contact the Board with nominations at this time, as we cannot accept them. We will send out a formal notice when the nomination period is open.
